To Our Customers

It is the policy of this company to give the best possible in service and quality at the lowest possible cost to the planter. We strive to grow the best strains of the respective varieties and to keep varieties of proven merit. Good trees are the cheapest in the long run.

TERMS OF SALE

(All prices F. O. B. Hillsboro or Portland)

Our stock is guaranteed true to name, should it prove otherwise we agree to replace the same free of charge. However, in no case shall we be obligated to refund more than the original purchase price.

We guarantee the safe delivery of any nursery stock shipped by us but cannot guarantee stock to grow after it has been received by the customer, since we have no control over the planting and care that is given.

We do not make any charge for packing material on retail orders.

On orders that are accompanied by cash payment in full we will allow the customer to select an additional ten (10) per cent in nursery stock.

Should we be out of any stock ordered we shall substitute the nearest variety we have to it, labelling it by its true name. The customer shall have the right to return any substitution that is not satisfactory.

Let us have your list now. We are glad to submit lists for Family orders and suggest varieties that do best in your locality.
